

Once upon a time

Meet Sugarsnap

Valentine's Day was only a few weeks away and Sugarsnap, The Valentine's Card Fairy was filled with joy. It was the time of year when she got to work her magic. When it wasn't Valentine's season, she enjoyed taking vacations and doing volunteer work around Fairy Land. During the month of January through to Valentine's Day, Sugarsnap worked to make sure that all Valentine's cards that were created were delivered. She taught students at the Fairy School how to make their own cards out of cardboard, paper, glitter, string and fairy dust. She loved seeing the surprised looks on the students' faces when their cards began to fly or speak.
